SUBJECT: Award of Bid No. F0504-74 to Replace the Waterproofing and Carpet on an Elevated Deck at the Sunnyvale Golf Course

REPORT IN BRIEF

Approval is requested for the award of a contract to Louis & Riparetti, Inc., of Scotts Valley to replace the waterproof membrane and indoor/outdoor carpeting on the Clubhouse patio deck at the Sunnyvale Golf Course.

BACKGROUND

Last winter, the Sunnyvale Golf Course golf shop experienced a series of water leaks coming from the elevated Clubhouse patio deck which is located directly above the shop. As a result, it was necessary to repair the Golf Shop's ceiling and some of the light fixtures due to water damage. Although temporary repairs resolved the problem on a short-term basis, a long-term solution involves removing and replacing the patio decks waterproof membrane.

The City currently has a License Agreement with the Lookout Inn, Inc., to operate the restaurant in the Clubhouse, including providing outdoor dining for Golf Course patrons on the patio deck. Under the terms of the License Agreement, the maintenance of the patio deck and supporting structures is the responsibility of the City; furnishing and maintaining floor coverings on the deck is the responsibility of the Licensee.

In order to replace the deck waterproofing and prevent further water intrusion into the first floor, the City must remove the deck indoor/outdoor carpet which was provided by the Licensee. As the carpet is a glue down installation, the City will destroy the carpet as part of the repair process and, therefore, must install replacement carpet for the Lookout Inn.

The scope of work for this project includes removal of the existing indoor/outdoor carpet and walk pads, removal of the existing waterproof membrane, application of a leveling course to eliminate pooling of rain water on the deck, and application of a new waterproof membrane and new carpet and walk pads.

DISCUSSION

Bid specifications were prepared by Facilities Management and Purchasing staff. The bid package was directly distributed to local waterproofing contractors, distributed to Bay Area Builders Exchanges and broadcast to potential contractors through the Onvia DemandStar public procurement network. Sixteen contractors requested bid documents.

Sealed bids were publicly opened on June 7, 2006. Three responsive bids were received

| <u>Bidder</u> | <u>Total Bid</u> |
|--|-------------------------|
| Louis & Riparetti, Inc., of Scotts Valley | \$60,000 |
| Andy's Roofing Company, Inc., of Milpitas | \$67,780 |
| Ashron Construction & Restoration of Mountain View | \$68,026 |

Staff recommends accepting the bid from Louis & Riparetti, Inc., the lowest responsive and responsible bidder.

A determination was made that this project will have no significant impact on the environment in accordance with CEQA guidelines for categorically exempt projects.

FISCAL IMPACT

Project costs include:

| | |
|-----------------------------------|-----------------|
| Construction | \$60,000 |
| Contingency (20% of construction) | <u>\$12,000</u> |
| Total cost | \$72,000 |

Funds are available in Infrastructure Project No. 818750 - Golf and Tennis Building Rehabilitation. A 20% project contingency is recommended because the amount of water damage to the deck surface will not be known until the existing carpet and membrane is removed.

RECOMMENDATION

It is recommended that Council:

1. Award a contract, in substantially the same form as the attached draft and in the amount of \$60,000, to Louis and Riparetti, Inc., to replace the waterproofing and carpet on an elevated deck at the Sunnyvale Golf Course; and
2. Approve a project contingency in the amount of \$12,000.
